## **E911 Status – Quarterly Report**

**CC Docket No. 94-102**

**August 1, 2006**

### **Summary of Report**

Pursuant to the *Order to Stay* and the Commission's Public Notice dated June 6, 2003,<sup>1</sup> American Cellular Corporation ("ACC"), as a Tier II carrier, provides this E911 Quarterly Report ("Report"). The Report provides information on all Phase I and Phase II requests received by ACC, including the PSAP ID, Name, State, County, Implementation Phase, Air Interface, Date PSAP Request Made, Date PSAP Request Withdrawn, Invalid Request, Deployed, Date Deployed, Date Projected, Reasons and Comment. Detailed information regarding the requests is contained in the attached chart.

### **Phase I Service**

ACC has received numerous requests for Phase I services and has activated service in all but a very few of these jurisdictions. Since the last quarterly filing, ACC has received new requests for Phase I service for four PSAPs in the following counties: Noble, OH; Price and Shawano, WI; and Delaware, NY. ACC has worked diligently with its third-party vendor Intrado, as well as the public safety community, in coordinating Phase I deployment. ACC remains committed to working with its vendors, the PSAPs, and state and local governments, in order to deploy Phase I services in the remaining jurisdictions as soon as possible.<sup>2</sup> Also, on June 28, 2006, ACC completed the acquisition of licenses previously held by Lone Star Wireless, Inc. ("Lone Star"), a subsidiary of Concho Cellular Telephone Co., Inc. Certain Phase I requests received by Lone Star for the Texas counties of Blanco, Burnet, Llano, and Lampasas remained outstanding when the transaction closed. ACC continues to work towards completing these Phase I requests pursuant to timetables mutually agreed to by the PSAPs.

### **Phase II Service**

#### **A. Deployment Preparation**

ACC is a mid-sized carrier serving predominantly rural and suburban markets in 9 states. ACC previously relied primarily upon a TDMA-based network of base stations and switching equipment, but has since completed overlaying its TDMA network with GSM/GPRS technology. ACC has worked with equipment vendors to deploy a network-based Phase II E911 solution, and all switch upgrades necessary to supply Phase II services have been completed. ACC has executed a contract with Andrew Corporation to provide the Position Determining Entity

<sup>1</sup> See *Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems*, CC Docket No. 94-102, *Order to Stay*, 17 FCC Rcd 14841 (2002) ("*Order to Stay*"); Public Notice, "Wireless Telecommunications Bureau Standardizes Carrier Reporting on Wireless E911 Implementation," DA 03-1902 (rel. June 6, 2003).

<sup>2</sup> Note that ACC acquired numerous Kentucky markets from another carrier, but was not provided the actual date of the PSAP request at the time it acquired the markets. ACC completed Phase I deployment to those markets some time ago, but ACC has inserted the 1/1/01 date as a proxy for the PSAP request date to address formatting issues raised by Commission staff.

equipment for a hardware solution for E911 Phase II and has also executed a contract with Polaris Wireless to provide a software solution for E911 Phase II.

### **B. Phase II Requests**

During the previous calendar quarter, ACC has continued to deploy the necessary software and hardware of the network-based Phase II solution from Polaris and/or Andrew in response to pending requests. Since the last quarterly filing, ACC has received requests for Phase II service for four PSAPs in the following counties: Noble, OH; Price and Shawano, WI; and Delaware, NY. The status of all requests is detailed in the attachment. To ensure that it may properly prioritize its E911-designated resources, ACC generally has requested each of these PSAPs to provide documentation pursuant to the *Richardson* criteria.<sup>3</sup>

### **C. Deployment Issues**

ACC, as a rural carrier, continues to face unique deployment issues, all of which have been described in detail in previously filed quarterly reports.

As required by the *Order to Stay*, a copy of this report is being filed with the Chief of the Enforcement Bureau, the Chief of the Wireless Telecommunications Bureau, and the Executive Directors and Counsels of APCO, NENA, and NANSA.
